

# Workshop on Translatability and regulatory affairs for ENM

April 2021 *Online Events*

EuroNanoMed (ENM) welcomes you to the Training Workshop on Translatability and regulatory affairs for ENM.

EuroNanoMed is a platform for funding agencies and ministries, officially started in January 2009 with the support of the EC. National and Regional research funding programmes joined together with the goal of creating and funding collaborative research and innovation projects that can convert research in nanotechnology into practical gains in medicine. It supports multidisciplinary and translational innovative research projects that cover: regenerative medicine, diagnostics and targeted delivery systems.

Up-to-date 12 Joint Calls for projects have been launched, the 12th is ongoing.

**MONDAY 19 APRIL 2021**
